### THE MoDocs Direct DIFFERENCE

*Achieving the extraordinary through exceptional customer care.*

## THE MoDocs DIRECT DIFFERENCE

"MoDocs Direct is one of our most unique and innovative programs. It's truly a product designed to put the customer first," says Martin Bauman, President of MoDocs.

The MoDocs Direct program gives doctors immediate access to billing, underwriting, risk management, claims

and legal departments. There is no "middleman", no third party communication issues, and no waiting for answers and problem resolutions. This program also provides the opportunity to receive maximum premium discounts.

## Frequently Asked Questions

### What is MoDocs Direct?

MoDocs Direct is a new program that allows physicians to eliminate the middleman. By having direct access to the company, there is improved communication, enhanced service as well as potential cost savings.

### How does it work?

Simply contact MoDocs and ask about the MoDocs Direct program. We will assign a licensed and trained in-house expert to you. Your account manager will work closely with you and your practice to meet your needs.

### I signed a broker of record agreement. Is my current agent/broker the only one authorized to place my coverage?

No. Broker of Record Agreements have been used as a sales tactic. It may give the impression that there is an exclusive authority when in fact such a relationship is illegal. The MoDocs Direct program was put in place to protect doctors from these problems.

### Can I save money by using MoDocs Direct?

Yes. MoDocs direct gives physicians access to maximum discounts approved through our underwriting process. In today's ever changing health care environment, MoDocs Direct is there to help Missouri physicians.
